St. George, UT 84770

Dear Mr. Stout:

The Plan of Operations you submitted on August 8, 1994 (UTU-67809) has been reviewed and was approved on August 29, 1994. A copy of the Decision Notice is attached. Operations are only approved on the existing road and drill sites shown on the attached map. No operations on State land in section 18 can be authorized by the BLM. If you wish to work on the East Price #3 or #4, you must obtain authorization from the Division of State Lands and Forestry.

A reclamation bond of \$100.00 must be posted prior to beginning work. This bond should be submitted to the Dixie Resource Area Office. Please notify the Dixie Resource Area when the work is completed, so the final inspection can be made.

Any variation from the work described in the approved plan will require notifying the BLM prior to the work and may require further environmental analysis.

If you have any questions, please contact Larry Gore at this office.

Sincerely,

Kim Leany  
Acting Area Manager
